TABLE  
GLOSSARY OF TERMS

Term	Description
Electricity	This is the cost of the electricity supplied to you during this billing period and is the part of the bill that is subject to competition. The electricity consumed is multiplied by the adjustment factor*. ( <i>Name of distributor</i> ) collects this money and pays this amount directly to our suppliers. *When electricity is delivered over a power line, it is normal for a small amount of power to be consumed or lost as heat. Equipment, such as wires and transformers, consumes power before it gets to your home or business. The adjustment factor accounts for these losses.
Delivery	These are the costs of delivering electricity from generating stations across the Province to ( <i>name of distributor</i> ) then to your home or business. This includes the costs to build and maintain the transmission and distribution lines, towers and poles and operate provincial and local electricity systems. A portion of these charges are fixed and do not change from month to month. The rest are variable and increase or decrease depending on the amount of electricity that you use.
Regulatory Charges	Regulatory charges are the costs of administering the wholesale electricity system and maintaining the reliability of the provincial grid.
Debt Retirement Charge	The debt retirement charge pays down the debt of the former Ontario Hydro.

(2) The invoice shall include the website of the distributor, where available, and the distributor's telephone number in a note following the glossary of terms that shall read as follows:

NOTE: For a detailed explanation of electricity terms, please visit (*website of distributor, where available*) or [www.oeb.gov.on.ca](http://www.oeb.gov.on.ca).

**Application, transition**

11. (1) This Regulation applies to invoices issued after September 1, 2004 to low-volume consumers of electricity.

(2) Despite subsection (1), if a distributor is, for technical or operational reasons, unable to adapt its invoices to conform to this Regulation by September 1, 2004, it shall do so as soon as possible after that date but, in any event, no later than October 31, 2004.
