**PART I
INTERPRETATION****Definitions**

1. (1) In this Regulation,
 - “change” includes, with respect to a waste disposal site, an alteration, enlargement or extension of the site;
 - “energy” includes electricity or steam;
 - “Environmental Screening Process for Waste Management Projects” means Part B of the Ministry of the Environment publication entitled “Guide to Environmental Assessment Requirements for Waste Management Projects” and dated March 15, 2007;

“forest products operations” includes the operations of a lumber mill, saw mill, pulp mill or similar facility;

“landfilling site” means a waste disposal site where landfilling occurs;

“thermal treatment” includes incineration, gasification, pyrolysis or plasma arc treatment;

“thermal treatment site” means a waste disposal site where thermal treatment is used;

“total waste disposal volume” means, for a landfilling site or dump, the maximum volume of waste, including the volume of any daily or intermediate cover, to be deposited at the landfilling site or dump in the space extending from the base of the waste fill zone or the top of any engineered facilities located on the base of the landfilling site or dump to the bottom of the final cover;

“waste disposal site” has the same meaning as in Part V of the *Environmental Protection Act*.

(2) In this Regulation, the following words and expressions have the same meanings as in Regulation 347 of the Revised Regulations of Ontario, 1990 (General — Waste Management) made under the *Environmental Protection Act*:

1. “Hauled liquid industrial waste”.
2. “Hazardous waste”.
3. “Liquid industrial waste”.
4. “Municipal waste”.
5. “Woodwaste”.

PART II

DESIGNATION OF UNDERTAKINGS — ENVIRONMENTAL ASSESSMENT UNDER PART II OF ACT

Establishment of site

2. (1) The establishing of any of the following waste disposal sites is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies:

1. A landfilling site or dump with a total waste disposal volume of more than 100,000 cubic metres.
2. A thermal treatment site that uses coal, oil or petroleum coke as a fuel for thermal treatment at the site.
3. A thermal treatment site, if,
 - i. the site does not use coal, oil or petroleum coke as a fuel for thermal treatment at the site,
 - ii. the maximum amount of waste that is subject to thermal treatment at the site on any day, measured by weight, is more than 10 tonnes, and
 - iii. of the energy or fuel generated by thermal treatment at the site that is used, all of the energy or fuel is used to dispose of waste.
4. A waste disposal site at which hazardous waste or liquid industrial waste is finally disposed of.

(2) Subsection (1) does not apply to the establishing of a thermal treatment site described in paragraph 2 of that subsection if,

- (a) the site is located at a commercial, industrial or manufacturing facility;
- (b) the primary purpose of the facility is not the management of municipal waste, hazardous waste, liquid industrial waste or any other kind of waste;
- (c) more than 100 tonnes of waste are received at the facility per day; and
- (d) of the energy or fuel generated by thermal treatment at the site that is used,
 - (i) all of the energy or fuel is used at the facility, and
 - (ii) not all of the energy or fuel is used to dispose of waste.

Change that results in site described in s. 2 (1)

3. (1) A change to a waste disposal site that is not described in subsection 2 (1) that would result in it becoming a waste disposal site described in that subsection is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies.

- (2) Subsection (1) does not apply to a change to a landfilling site or dump, if,
 - (a) the change would result in the landfilling site or dump becoming a landfilling site or dump with a total waste disposal volume of more than 100,000 cubic metres; and

- (b) the total waste disposal volume of the landfilling site or dump after the change would exceed by 100,000 cubic metres or less the total waste disposal volume that the landfilling site or dump was authorized to have under the *Environmental Protection Act* before the change.

Change to landfilling site or dump, increase in total waste disposal volume

4. A change to a landfilling site or dump is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if the total waste disposal volume of the landfilling site or dump after the change would exceed by more than 100,000 cubic metres the total waste disposal volume that the landfilling site or dump was authorized to have under the *Environmental Protection Act* before the change.

Change to landfilling site or dump, excavation of waste

5. A change to a landfilling site or dump is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if,

- (a) the change involves the excavation of waste that was previously disposed of at the landfilling site or dump; and
 (b) the excavation would increase by more than 100,000 cubic metres the amount of waste that could be deposited at the landfilling site or dump without any increase in the total waste disposal volume that the landfilling site or dump is authorized to have under the *Environmental Protection Act*.

Change to landfilling site or dump, hazardous waste or liquid industrial waste

6. A change to a landfilling site or dump at which hazardous waste or liquid industrial waste is finally disposed of is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if,

- (a) the total waste disposal volume of the landfilling site or dump after the change would exceed the total waste disposal volume that the landfilling site or dump was authorized to have under the *Environmental Protection Act* before the change; or
 (b) the change involves the excavation of waste that was previously disposed of at the landfilling site or dump.

Change to thermal treatment site, use of energy or fuel

7. A change to a thermal treatment site is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if,

- (a) of the energy or fuel generated by thermal treatment at the site that is used before the change, not all of the energy or fuel is used to dispose of waste; and
 (b) of the energy or fuel generated by thermal treatment at the site that would be used after the change, all of the energy or fuel would be used to dispose of waste.

Change to thermal treatment site, increase in amount of waste

8. (1) A change to a thermal treatment site described in paragraph 2 or 3 of subsection 2 (1) is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if the amount of waste that would be subject to thermal treatment at the site on any day after the change would exceed the amount of waste that was authorized under the *Environmental Protection Act* to be subject to thermal treatment at the site before the change.

(2) A change to a thermal treatment site at which hazardous waste or liquid industrial waste is subject to thermal treatment is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if the amount of waste that would be subject to thermal treatment at the site on any day after the change would exceed the amount of waste that was authorized under the *Environmental Protection Act* to be subject to thermal treatment at the site before the change.

Exceptions

9. (1) Despite sections 2 to 8, the establishing or changing of a waste disposal site is not designated under this Part as an undertaking to which the Act applies if,

- (a) pursuant to the regulations made under the *Environmental Protection Act*, the establishing or changing of the site is exempt from section 27 of that Act; or
 (b) pursuant to the regulations made under the *Ontario Water Resources Act*, the establishing or changing of the site is exempt from section 53 of that Act.

(2) For greater certainty, nothing in this Part designates the acquisition or disposition of a waste disposal site or a change in the owner or person having charge, management or control of a waste disposal site as an undertaking to which the Act applies.

PART III
DESIGNATION OF UNDERTAKINGS — ENVIRONMENTAL SCREENING PROCESS AVAILABLE

Environmental Screening Process

10. (1) An undertaking that is designated under this Part as an undertaking to which the Act applies is exempt from Part II of the Act if the undertaking is carried out in accordance with the Environmental Screening Process for Waste Management Projects.

(2) If the proponent of an undertaking submitted an environmental assessment or proposed terms of reference in respect of the undertaking to the Ministry before March 23, 2007, subsection (1) does not apply to the undertaking unless, not later than 60 days after, March 23, 2007 the Director of the Ministry's Environmental Assessment and Approvals Branch has received written notice from the proponent stating that the undertaking will be carried out in accordance with the Environmental Screening Process for Waste Management Projects.

(3) Subsection (1) ceases to apply to an undertaking if, in accordance with the Environmental Screening Process for Waste Management Projects, the Director gives the proponent a notice to prepare an environmental assessment.

(4) If the proponent of an undertaking gives the Director a notice under subsection (2) and the Director subsequently gives the proponent a notice under subsection (3), subsections (2) and (3) do not affect the validity of anything done before March 23, 2007.

(5) If, pursuant to subsection (1), Part II of the Act does not apply to an undertaking and proceeding with the undertaking conflicts with a condition imposed by an approval under the Act that applies to another undertaking, subsections 5 (4) and 12.2 (6) and section 38 of the Act do not apply to the condition to the extent of the conflict.

Establishment of site

11. (1) The establishing of any of the following waste disposal sites is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies:

1. A landfilling site or dump with a total waste disposal volume of 40,000 cubic metres or more but not more than 100,000 cubic metres.
2. A thermal treatment site, if,
 - i. the site does not use coal, oil or petroleum coke as a fuel for thermal treatment at the site, and
 - ii. of the energy or fuel generated by thermal treatment at the site that is used, not all of the energy or fuel is used to dispose of waste.
3. A thermal treatment site, if,
 - i. the site does not use coal, oil or petroleum coke as a fuel for thermal treatment at the site,
 - ii. the maximum amount of waste that is subject to thermal treatment at the site on any day, measured by weight, is 10 tonnes or less, and
 - iii. of the energy or fuel generated by thermal treatment at the site that is used, all of the energy or fuel is used to dispose of waste.
4. A waste disposal site at which waste is handled, treated or processed, if, on an annual basis, an average of more than 1,000 tonnes of waste per day is transferred from the site for final disposal.

(2) The establishing of a thermal treatment site that uses coal, oil or petroleum coke as a fuel for thermal treatment at the site is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if,

- (a) the site is located at a commercial, industrial or manufacturing facility;
- (b) the primary purpose of the facility is not the management of municipal waste, hazardous waste, liquid industrial waste or any other kind of waste;
- (c) more than 100 tonnes of waste are received at the facility per day; and
- (d) of the energy or fuel generated by thermal treatment at the site that is used,
 - (i) all of the energy or fuel is used at the facility, and
 - (ii) not all of the energy or fuel is used to dispose of waste.

Change that results in site described in s. 11 (1) or (2)

12. (1) A change to a waste disposal site that is not described in subsection 11 (1) or (2) that would result in it becoming a waste disposal site described in subsection 11 (1) or (2) is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies.

- (2) Subsection (1) does not apply to a change to a landfilling site or dump, if,
- (a) the change would result in the landfilling site or dump becoming a landfilling site or dump with a total waste disposal volume of 40,000 cubic metres or more but not more than 100,000 cubic metres; and
 - (b) the total waste disposal volume of the landfilling site or dump after the change would exceed by less than 40,000 cubic metres the total waste disposal volume that the landfilling site or dump was authorized to have under the *Environmental Protection Act* before the change.

Change to landfilling site or dump, increase in total waste disposal volume

13. A change to a landfilling site or dump is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if the total waste disposal volume of the landfilling site or dump after the change would exceed by 40,000 cubic metres or more but not more than 100,000 cubic metres the total waste disposal volume that the landfilling site or dump was authorized to have under the *Environmental Protection Act* before the change.

Change to landfilling site or dump, excavation of waste

14. A change to a landfilling site or dump is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if,

- (a) the change involves the excavation of waste that was previously disposed of at the landfilling site or dump; and
- (b) the excavation would increase by 40,000 cubic metres or more but not more than 100,000 cubic metres the amount of waste that could be deposited at the landfilling site or dump without any increase in the total waste disposal volume that the landfilling site is authorized to have under the *Environmental Protection Act*.

Change to landfilling site or dump, increase in rate of fill

15. A change to a landfilling site or dump described in paragraph 1 of subsection 2 (1) or paragraph 1 of subsection 11 (1), or to a landfilling site or dump that is a waste disposal site described in paragraph 4 of subsection 2 (1), is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if the rate at which the landfilling site or dump is filled after the change would exceed the rate at which the landfilling site or dump was authorized to be filled under the *Environmental Protection Act* before the change.

Change to thermal treatment site, increase in amount of waste

16. A change to a thermal treatment site described in paragraph 2 or 3 of subsection 11 (1) or subsection 11 (2) is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if the amount of waste that would be subject to thermal treatment at the site on any day after the change would exceed the amount of waste that was authorized under the *Environmental Protection Act* to be subject to thermal treatment at the site before the change.

Change to site that transfers waste, increase in amount of waste

17. A change to a waste disposal site described in paragraph 4 of subsection 11 (1) is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if, on an annual basis, the average amount of waste transferred from the site per day after the change would exceed by more than 1,000 tonnes the average amount of waste that was authorized to be transferred from the site under the *Environmental Protection Act* before the change.

Change to geographic area

18. A change to a waste disposal site described in subsection 2 (1) or 11 (1) or (2) is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies, if the geographic area from which the site receives waste after the change would include any area from which the site was not authorized to receive waste under the *Environmental Protection Act* before the change.

Exceptions

19. (1) Sections 11 to 18 do not apply to the establishing or changing of a waste disposal site if the establishing or changing of the site is designated under Part II of this Regulation as an undertaking to which the Act applies.

(2) Despite sections 11 to 18, the establishing or changing of a waste disposal site is not designated under this Part as an undertaking to which the Act applies if,

- (a) pursuant to the regulations made under the *Environmental Protection Act*, the establishing or changing of the site is exempt from section 27 of that Act; or
- (b) pursuant to the regulations made under the *Ontario Water Resources Act*, the establishing or changing of the site is exempt from section 53 of that Act.

(3) For greater certainty, nothing in this Part designates the acquisition or disposition of a waste disposal site or a change in the owner or person having charge, management or control of a waste disposal site as an undertaking to which the Act applies.

**PART IV
MISCELLANEOUS**

Application of O. Reg. 116/01

20. Ontario Regulation 116/01 (Electricity Projects) made under the Act does not apply to anything that is designated under Part II or III of this Regulation as an undertaking to which the Act applies.

Undertakings otherwise subject to the Act

21. (1) Subject to subsection (2), Parts II and III do not affect the application of the Act to an undertaking by or on behalf of Her Majesty in right of Ontario or by a public body or public bodies or by a municipality or municipalities.

(2) Section 10 applies, with necessary modifications, to an undertaking by or on behalf of Her Majesty in right of Ontario or by a public body or public bodies or by a municipality or municipalities, if the undertaking would be designated under Part III as an undertaking to which the Act applies were it not an undertaking by or on behalf of Her Majesty in right of Ontario or by a public body or public bodies or by a municipality or municipalities.

(3) Clause 5 (2) (a) of Regulation 334 of the Revised Regulations of Ontario, 1990 (General) made under the Act does not apply to an undertaking by a municipality or municipalities, if the undertaking would be designated under Part II or III of this Regulation as an undertaking to which the Act applies were it not an undertaking by a municipality or municipalities.

(4) If an undertaking is designated under another regulation made under the Act as an undertaking to which the Act applies and is also designated under Part III of this Regulation as an undertaking to which the Act applies, section 10 of this Regulation applies to the undertaking unless the undertaking is exempt from subsection 5 (1) of the Act under another regulation made under the Act.

Exemption from s. 12 of Act

22. Section 12 of the Act does not apply to a change to an undertaking in respect of a waste disposal site.

Exemptions from Part II of Act

23. Despite any provision of the Act or Part II or III of this Regulation, Part II of the Act does not apply to any of the following things:

1. An undertaking in respect of a waste disposal site by or on behalf of Her Majesty in right of Ontario or by a public body or public bodies or by a municipality or municipalities, unless, if the undertaking were not an undertaking by or on behalf of Her Majesty in right of Ontario or by a public body or public bodies or by a municipality or municipalities, the undertaking would be designated under Part II or III as an undertaking to which the Act applies.
2. A change to a waste disposal site, if,
 - i. the change is required by an order made under the *Environmental Protection Act* or the *Ontario Water Resources Act*, or
 - ii. the change involves the excavation of waste that was previously disposed of at the waste disposal site and a Director appointed under section 5 of the *Environmental Protection Act* or section 5 of the *Ontario Water Resources Act* is of the opinion that,
 - A. the primary purpose of the excavation is not to increase the amount of waste that will be deposited at the site, and
 - B. all of the purposes of the excavation are appropriate.
3. The establishing of a thermal treatment site, if the site would cease operation within 12 months after waste is first received at the site.
4. The establishing or changing of a thermal treatment site, if,
 - i. the site is located at a commercial, industrial or manufacturing facility,
 - ii. the primary purpose of the facility is not the management of municipal waste, hazardous waste, liquid industrial waste or any other kind of waste,
 - iii. not more than 100 tonnes of waste are received at the facility per day, and
 - iv. of the energy or fuel generated by thermal treatment at the site that is used,
 - A. all of the energy or fuel is used at the facility, and
 - B. not all of the energy or fuel is used to dispose of waste.
5. The establishing or changing of a thermal treatment site, if,
 - i. the site is located at a commercial, industrial or manufacturing facility,

- ii. the primary purpose of the facility is not the management of municipal waste, hazardous waste, liquid industrial waste or any other kind of waste,
 - iii. all the waste that is subject to thermal treatment at the site is generated at the facility, and
 - iv. of the energy or fuel generated by thermal treatment at the site that is used, all of the energy or fuel is used to dispose of waste.
6. The changing of a landfilling site, if,
- i. the change is an increase in the service area of the landfilling site or an increase in the rate at which waste may be received at the landfilling site from areas within its service area, and
 - ii. the increase referred to in subparagraph i is exempt from sections 30 and 32 of the *Environmental Protection Act* under section 5.2 of Regulation 347 of the Revised Regulations of Ontario, 1990 (General — Waste Management) made under that Act.
7. The establishing or changing of a waste disposal site, other than a waste disposal site where hauled liquid industrial waste or hazardous waste is disposed of, if, pursuant to section 31 of the *Environmental Protection Act*, a certificate of approval for establishing or changing the site is issued without requiring the Tribunal to hold a hearing.
8. The establishing or changing of a landfilling site or dump owned by a person engaged in forest products operations, if,
- i. no hazardous waste or liquid industrial waste is deposited at the landfilling site or dump,
 - ii. the only waste deposited at the landfilling site or dump is produced by the person who owns the landfilling site or dump or by other persons engaged in forest products operations, and
 - iii. the waste deposited at the landfilling site or dump is predominantly solid process waste, such as woodwaste, effluent treatment solids, hog fired boiler ash, recycling process rejects, lime mud, grits or dregs.
9. The establishing or changing of a waste disposal site, if the only waste deposited, disposed of, handled, stored, transferred, treated or processed at the site is waste that, under Regulation 347 of the Revised Regulations of Ontario, 1990 (General — Waste Management) made under the *Environmental Protection Act*, is exempt from Part V of that Act.

Undertakings subject to class environmental assessments

24. (1) Despite subsection 10 (1) and section 23, Part II of the Act applies to an undertaking that is designated under this Regulation as an undertaking to which the Act applies if the undertaking is of a type that is subject to an approved class environmental assessment.

(2) Subsection (1) does not prevent a proponent from proceeding with an undertaking that the proponent is otherwise authorized to proceed with in accordance with the approved class environmental assessment.

(3) Subsections (1) and (2) apply, with necessary modifications, to an undertaking by or on behalf of Her Majesty in right of Ontario or by a public body or public bodies or by a municipality or municipalities, if the undertaking is of a type that is subject to an approved class environmental assessment.

Application for approval to proceed

25. (1) Despite subsection 10 (1) and section 23, Part II of the Act applies to an undertaking that is designated under this Regulation as an undertaking to which the Act applies if the proponent applies to the Minister for approval to proceed with the undertaking.

(2) Subsection (1) applies, with necessary modifications, to an undertaking by or on behalf of Her Majesty in right of Ontario or by a public body or public bodies or by a municipality or municipalities, if the proponent applies to the Minister for approval to proceed with the undertaking.

Transition: establishing

26. (1) An undertaking that is designated under this Regulation as an undertaking to which the Act applies and that is the establishing of a waste disposal site is exempt from Part II of the Act if,

- (a) construction of the waste disposal site lawfully began before March 23, 2007; or
- (b) any approvals required to begin construction, and any approvals required under the *Environmental Protection Act* or the *Ontario Water Resources Act* to operate the waste disposal site, were obtained before March 23, 2007.

(2) Subsection (1) applies, with necessary modifications, to an undertaking that is the establishing of a waste disposal site, if the undertaking is by or on behalf of Her Majesty in right of Ontario or by a public body or public bodies or by a municipality or municipalities.

- (3) For the purpose of clause (1) (a), construction is deemed to have begun,

- (a) on the date on which the first contract was awarded for carrying out part or all of the construction, if any contracts were awarded for that purpose; and
- (b) on the date on which the construction started, if no contracts were awarded for carrying out part or all of the construction.

(4) Subsections (1) and (2) cease to apply to an undertaking on the fifth anniversary of March 23, 2007, unless construction of the waste disposal site is substantially completed before that date.

Transition: changing

27. (1) An undertaking that is designated under this Regulation as an undertaking to which the Act applies and that is the changing of a waste disposal site that was constructed before March 23, 2007 is exempt from Part II of the Act if,

- (a) the change of the waste disposal site lawfully began before March 23, 2007; or
- (b) any approvals required to begin the change of the waste disposal site, and any approvals required under the *Environmental Protection Act* or the *Ontario Water Resources Act* to operate the waste disposal site after the change, were obtained before March 23, 2007.

(2) Subsection (1) applies, with necessary modifications, to an undertaking that is the changing of a waste disposal site, if the undertaking is by or on behalf of Her Majesty in right of Ontario or by a public body or public bodies or by a municipality or municipalities.

(3) For the purpose of clause (1) (a), the change is deemed to have begun,

- (a) on the date on which the first contract was awarded for carrying out part or all of the change, if any contracts were awarded for that purpose; and
- (b) on the date on which the change started, if no contracts were awarded for carrying out part or all of the change.

(4) Subsections (1) and (2) cease to apply to an undertaking on the fifth anniversary of March 23, 2007, unless the change of the waste disposal site is substantially completed before that date.

Transition: previous approvals

28. (1) Despite subsection 10 (1), section 23 and subsections 26 (1) and 27 (1), Part II of the Act applies to an undertaking that is designated under this Regulation as an undertaking to which the Act applies if, before March 23, 2007, an approval was issued for the undertaking under the Act.

(2) Subsection (1) applies, with necessary modifications, to an undertaking by or on behalf of Her Majesty in right of Ontario or by a public body or public bodies or by a municipality or municipalities if, before March 23, 2007, an approval was issued for the undertaking under the Act.

(3) If Part II of the Act applies to an undertaking under subsection (1) or (2), the proponent shall proceed with the undertaking in accordance with the approval.

Amending Reg. 347 of R.R.O. 1990

(General — Waste Management)

Note: Regulation 347 has previously been amended. Those amendments are listed in the Table of Regulations – Legislative History Overview which can be found at www.e-Laws.gov.on.ca.

1. (1) Subsection 1 (1) of Regulation 347 of the Revised Regulations of Ontario, 1990 is amended by adding the following definitions:

“biodiesel” means a fuel or fuel component that is comprised of mono-alkyl esters of long-chain fatty acids that are derived from plant oils or animal fats, if the fuel or fuel component,

- (a) conforms to the detailed requirements shown in Table 1 of ASTM International Standard D6751, entitled “Standard Specification for Biodiesel Fuel Blend Stock (B100) for Middle Distillate Fuels”, as amended from time to time, when tested by the test methods indicated in that Standard, or
- (b) is in accordance with the limits specified in Table 1 of European Standard EN 14214, entitled “Automotive Fuels – Fatty acid methyl esters (FAME) for diesel engines – Requirements and test methods”, as amended from time to time, when tested by the test methods indicated in that Standard;

“common mercury waste” means,

- (a) electrical switches, thermostats or fluorescent lamps that contain mercury and that are damaged, worn out or discarded,
- (b) thermometers, barometers or other measuring devices that contain mercury and that are damaged, worn out or discarded,
- (c) discarded material that contains mercury from dental procedures carried out by a member of the Royal College of Dental Surgeons of Ontario;

“common mercury waste recovery facility” means a site at which common mercury waste is received for recovery of mercury and at which no disposal of common mercury waste or of mercury takes place;

“food processing and preparation operations” include food packing, food preserving, wine making, cheese making and restaurants;

“intact waste battery” means an electric battery that is intact but is damaged, spent, worn out or discarded;

(2) Clause (f) of the definition of “liquid industrial waste” in subsection 1 (1) of the Regulation is revoked and the following substituted:

- (f) waste that results directly from food processing and preparation operations,

(3) Subsection 1 (1) of the Regulation is amended by adding the following definition:

“on-site thermal treatment equipment” means thermal treatment equipment located at a site used principally for functions other than waste management in which only waste generated on that site is subject to thermal treatment, and includes an on-site incinerator;

(4) The definition of “subject waste” in subsection 1 (1) of the Regulation is amended by striking out “but does not include waste from the servicing of motor vehicles at a retail motor vehicle service station or service facility that has a written agreement for the collection and management of such waste with a waste management system approved under Part V of the Act for the purposes and does not include waste from”, and clauses (c) to (g), and substituting “but does not include waste described in subsection (3)”.

(5) Subsection 1 (1) of the Regulation is amended by adding the following definitions:

“thermal treatment” includes incineration, gasification, pyrolysis or plasma arc treatment;

“thermal treatment site” means a waste disposal site where thermal treatment is used;

“waste battery recovery facility” means a site at which intact waste batteries are received for recovery of battery components and at which no disposal of intact waste batteries or of recovered battery components takes place;

“waste biomass” means organic matter that is derived from a plant or animal, that is available on a renewable basis and that is,

- (a) waste from harvesting or processing agricultural products or forestry products,
- (b) waste resulting from the rendering of animals or animal by-products,
- (c) solid or liquid material that results from the treatment of wastewater generated by a manufacturer of pulp, paper, recycled paper or paper products, including corrugated cardboard,
- (d) waste from food processing and preparation operations, or
- (e) woodwaste;

“waste electrical and electronic equipment” has the same meaning as in Ontario Regulation 393/04 (Waste Electrical and Electronic Equipment) made under the *Waste Diversion Act, 2002*;

(6) The definition of “woodwaste combustor site” in subsection 1 (1) of the Regulation is revoked and the following substituted:

“woodwaste combustor site” means a waste disposal site where woodwaste is subject to thermal treatment or wholly utilized as a fuel or fuel supplement in a combustion unit.

(7) Section 1 of the Regulation is amended by adding the following subsection:

(3) The definition of “subject waste” in subsection (1) does not include the following wastes:

1. Waste from the servicing of motor vehicles at a retail motor vehicle service station or service facility that has a written agreement for the collection and management of such waste with a waste management system approved under Part V of the Act for the purposes.
2. Intact waste batteries destined for a waste battery recovery facility.
3. Common mercury waste destined for a common mercury waste recovery facility.
4. Waste electrical and electronic equipment that is intact and is destined for a site at which it is to be processed for the recovery of materials.
5. Printed circuit boards that are waste, are intact and are destined for a site at which they are to be processed for the recovery of materials.
6. Waste from,
 - i. a nursing home under the *Nursing Homes Act*,
 - ii. a home under the *Homes for the Aged and Rest Homes Act*,
 - iii. a home for special care under the *Homes for Special Care Act*,
 - iv. the professional office of a member of the Royal College of Dental Surgeons of Ontario, or
 - v. the professional office of a member of the College of Physicians and Surgeons of Ontario.

2. (1) Subsection 3 (2) of the Regulation is amended by adding the following paragraphs:

8. Waste paint or waste coatings transferred by a generator and destined for a site at which the waste is to be used in an ongoing manufacturing process for the production of paint or coatings, if the process does not involve combustion of the waste and the paint or coatings that are produced are not used as fuel.
9. Emission control dust from the primary production of steel in electric furnaces, if the dust is transferred by a generator for direct transportation to a site at which it is to be used as a feedstock in an ongoing high temperature metal recovery process in a rotary kiln, flame reactor, electric furnace, plasma arc furnace, slag reactor, industrial furnace or combination of a rotary hearth furnace and electric furnace.
10. Spent activated carbon transferred by a generator for direct transportation to a site at which it is to be used in a process to reactivate activated carbon.
11. Metal bearing waste, other than lead acid batteries or aqueous waste, that is transferred by a generator for direct transportation to a smelter at which the waste is to be used as a feedstock in an ongoing operation for the recovery of metal, including waste that, for the purpose of being used as a feedstock, is processed through size reduction, blending, calcining, roasting, sintering, drying, pelletizing, cleaning, leaching or separation of solids from liquids, but not including waste that, for the purpose of being used as a feedstock, is processed in any other manner.
12. Printed circuit boards that are waste and that are transferred by a generator and destined for a smelter at which they are to be used as a feedstock in an ongoing operation for the recovery of metal.
13. Waste that is to be processed and used at the same site where it is generated, if,
 - i. neither the processing nor the use of the waste involves combustion or land application of the waste, and
 - ii. the waste is not PCB waste, soil or a soil mixture.
14. Waste biomass transferred by a generator and destined for a site at which it is to be used as a feedstock in the production of ethanol or biodiesel, whether or not it is processed before it is used as a feedstock and whether or not it is processed before it is received at the site at which it is to be used as a feedstock.
15. Crumb rubber recovered from used, chipped or shredded tires and destined for use as a feedstock in the production of rubber products other than fuel products.
16. Waste glass that is to be used as aggregate in pipe bedding or in the subsurface of roads or parking areas.
17. Waste asphalt pavement transferred by a generator for direct transportation to,
 - i. a site at which it is to be used as construction aggregate, or
 - ii. a site at which waste asphalt pavement is processed for use as construction aggregate and at which no disposal of waste or processed waste takes place.
18. Waste asphalt pavement transferred by a generator for direct transportation to a site at which waste asphalt pavement is stored for use as construction aggregate, if,

- i. the waste asphalt pavement is stored at least 30 metres away from the nearest watercourse, lake or pond, or there are engineered works in place to prevent the waste from having any adverse effect on any watercourse, lake or pond, and
 - ii. the waste asphalt pavement is stored at,
 - A. a construction area for not more than 120 days,
 - B. a permanent place of business for a person who is in the business of construction,
 - C. a pit or quarry for which a permit or licence has been issued under the *Aggregate Resources Act*,
 - D. a road works yard owned by a municipality or the Crown in right of Ontario, or
 - E. a place that is at least 100 metres from the nearest dwelling.
19. Waste asphalt shingles transferred by a generator and destined for a site at which they will be used as aggregate or surface layer in the construction of walkways for pedestrian use, roads or parking areas, if, before being used for that purpose, the shingles are processed at a site at which the only processing that occurs is sorting, size reduction and the removal of other wastes from the shingles.
20. Organic waste from food processing and preparation operations or operations for the sale or distribution of food, if,
- i. the waste is transferred by a generator and destined for a site at which the waste will be used in an ongoing agricultural, commercial, manufacturing or industrial process or operation, whether or not it is processed before it is used in the process or operation and whether or not it is processed before it is received at the site at which it will be used in the process or operation, and
 - ii. the agricultural, commercial, manufacturing or industrial process or operation does not involve combustion or land application of the waste.

(2) Subsection 3 (3) of the Regulation is revoked and the following substituted:

(3) Despite subsection (1), material that is referred to in subparagraph 1 i or paragraph 6, 9, 10 or 11 of subsection (2) is exempt from Part V of the Act and this Regulation only if the carrier has in his or her possession while transporting the material a document from the owner or operator of the site to which the material is being transported that,

- (a) indicates that the owner or operator of the site to which the material is being transported agrees to accept the material;
- (b) specifies the use that will be made of the material; and
- (c) if the paragraph of subsection (2) that refers to the material refers to an ongoing process or operation, stipulates that the process or operation is ongoing at the time the material is being transported.

(3.1) Despite subsection (1), material that is referred to in paragraph 7 or 8 of subsection (2) is exempt from Part V of the Act and this Regulation only if,

- (a) every carrier has in his or her possession while transporting the material a document from the owner or operator of the site to which the material is destined that,
 - (i) indicates that the owner or operator of the site to which the material is destined agrees to accept the material,
 - (ii) specifies the use that will be made of the material, and
 - (iii) if the material is referred to in paragraph 8 of subsection (2), stipulates that the manufacturing process referred to in that paragraph is ongoing at the time the material is being transported; and
- (b) the owner or operator of every site to which the material is delivered and at which the material is collected, handled, stored or transferred before reaching the site to which the material is destined has in his or her possession while collecting, handling, storing or transferring the material a document from the owner or operator of the site to which the material is destined that,
 - (i) indicates that the owner or operator of the site to which the material is destined agrees to accept the material,
 - (ii) specifies the use that will be made of the material, and
 - (iii) if the material is referred to in paragraph 8 of subsection (2), stipulates that the manufacturing process referred to in that paragraph is ongoing at the time the material is being collected, handled, stored or transferred.

(3.2) If a waste referred to in paragraph 13 of subsection (2) is one of the following types of waste, any residue from the processing of the waste shall be deemed, for the purposes of this Regulation, to be a waste derived from a waste referred to in clause (a) of the definition of that type of waste in subsection 1 (1):

1. Acute hazardous waste chemical.
2. Hazardous industrial waste.
3. Hazardous waste chemical.
4. Severely toxic waste.

3. The Regulation is amended by adding the following section:**5.0.1** (1) In this section,

“municipal waste pilot project site” means a waste disposal site, other than a landfilling site or dump, where municipal waste is processed or disposed of primarily to,

- (a) assist in the design of technology for processing or disposing of municipal waste,
- (b) assess the merits of a technology for processing or disposing of municipal waste, or
- (c) demonstrate the merits of a technology for processing or disposing of municipal waste.

(2) Section 30 of the Act does not apply to an application for a certificate of approval for the use, operation, establishment, alteration, extension or enlargement of a municipal waste pilot project site if,

- (a) the applicant gives the Director a written notice that,
 - (i) specifically mentions this subsection, and
 - (ii) requests that section 30 of the Act not apply; and

- (b) the Director is satisfied that 75 tonnes of municipal waste or less will be processed or disposed of at the site on any day.

(3) If a certificate of approval or provisional certificate of approval is issued on an application to which subsection (2) applied,

- (a) the operator of the municipal waste pilot project site shall promptly notify the Director in writing of the date that municipal waste is first received at the site pursuant to the certificate of approval or provisional certificate of approval; and
- (b) the operator of the municipal waste pilot project site shall ensure that not more than 75 tonnes of municipal waste are processed or disposed of at the site on any day.

(4) A certificate of approval or provisional certificate of approval that is issued on an application to which subsection (2) applies must contain a term or condition that prohibits the operation of the municipal waste pilot project site after the third anniversary of the date that municipal waste is first received at the site, or after such earlier date as is specified in the certificate of approval or provisional certificate of approval.

(5) Subject to subsections (8) and (9), the Director may, on application, alter the term or condition referred to in subsection (4) if he or she is satisfied that the alteration is necessary to,

- (a) assist in the design of technology for processing or disposing of municipal waste;
- (b) assess the merits of a technology for processing or disposing of municipal waste; or
- (c) demonstrate the merits of a technology for processing or disposing of municipal waste.

(6) Subsection (2) applies, with necessary modifications, to an application to alter the term or condition referred to in subsection (4).

(7) The Director is not required to consider an application to alter the term or condition referred to in subsection (4) if,

- (a) the application is seeking the first alteration of the term or condition; and
- (b) the application is made less than half way through the period between the date that municipal waste is first received at the site and the date after which the term or condition prohibits the operation of the municipal waste pilot project site.

(8) An alteration under subsection (5) shall not extend the period during which the municipal waste pilot project site may be operated for more than 12 months.

(9) An alteration under subsection (5) shall not extend the period during which the municipal waste pilot project site may be operated beyond the fifth anniversary of the date that municipal waste is first received at the site.

4. Clause 5.1 (1) (c) of the Regulation is revoked and the following substituted:

- (c) the disposal of waste by thermal treatment.

5. Clause 6 (3) (c) of the Regulation is revoked and the following substituted:

- (c) used, chipped or shredded tires are not subject to thermal treatment or buried at the site.

6. Section 8 of the Regulation is amended by adding the following subsections:

(4) Sections 27, 40 and 41 of the Act do not apply in respect of a waste management system or waste disposal site, if the only management of waste done by the system or at the site is the collection, handling, transportation, storage or transfer of,

- (a) waste that consists only of,
 - (i) waste electrical and electronic equipment that is intact, or
 - (ii) printed circuit boards,
 and that is transferred by a generator and is destined for a site at which the waste is to be processed for the recovery of materials;
 - (b) intact waste batteries that are transferred by a generator and are destined for a waste battery recovery facility; or
 - (c) common mercury waste that is transferred by a generator and is destined for a common mercury waste recovery facility.
- (5) Despite clauses (4) (b) and (c), a waste management system or waste disposal site for the collection, handling, transportation, storage or transfer of waste referred to in those clauses is exempt from sections 27, 40 and 41 of the Act only if,
- (a) every carrier has in his or her possession while transporting the waste a document from the owner or operator of the waste battery recovery facility or common mercury waste recovery facility that indicates that the owner or operator of the facility agrees to accept the waste; and
 - (b) the owner or operator of every site at which the waste is collected, handled, stored or transferred before reaching the waste battery recovery facility or common mercury waste recovery facility has in his or her possession while collecting, handling, storing or transferring the material a document from the owner or operator of the waste battery recovery facility or common mercury waste recovery facility that indicates that the owner or operator of the facility agrees to accept the waste.
- (6) Sections 27, 40 and 41 of the Act do not apply in respect of a waste disposal site if,
- (a) the only management of waste done at the waste disposal site is the collection, handling, storage, transfer or processing of woodwaste;
 - (b) none of the woodwaste is stored at the waste disposal site for more than 18 months;
 - (c) the woodwaste is transferred by a generator and is destined for one or more woodwaste combustor sites;
 - (d) the owner or operator of the waste disposal site has in his or her possession, while collecting, handling, storing, transferring or processing woodwaste, a document from the owner or operator of each woodwaste combustor site to which the woodwaste is destined that indicates that,
 - (i) the owner or operator of the woodwaste combustor site agrees to accept the woodwaste, and
 - (ii) the woodwaste will be used at the woodwaste combustor site principally for functions other than waste disposal; and
 - (e) no more woodwaste is stored at the waste disposal site than is reasonably capable of being subject to thermal treatment or wholly utilized as a fuel or fuel supplement during a period of six months at the woodwaste combustor sites to which the woodwaste is destined.
- (7) Sections 27, 40 and 41 of the Act do not apply in respect of a waste management system if,
- (a) the only management of waste done by the waste management system is the collection, handling, transportation, storage, transfer or processing of woodwaste;
 - (b) none of the woodwaste is stored at waste disposal sites that are part of the waste management system for more than 18 months;
 - (c) the woodwaste is transferred by a generator and is destined for one or more woodwaste combustor sites;
 - (d) the owner or operator of every waste disposal site that is part of the waste management system has in his or her possession, while collecting, handling, storing, transferring or processing woodwaste, a document from the owner or operator of each woodwaste combustor site to which the woodwaste is destined that indicates that,
 - (i) the owner or operator of the woodwaste combustor site agrees to accept the woodwaste, and
 - (ii) the woodwaste will be used at the woodwaste combustor site principally for functions other than waste disposal; and
 - (e) no more woodwaste is stored at waste disposal sites that are part of the waste management system than is reasonably capable of being subject to thermal treatment or wholly utilized as a fuel or fuel supplement during a period of six months at the woodwaste combustor sites to which the woodwaste is destined.
- (8) If, pursuant to subsection (6) or (7), sections 27, 40 and 41 of the Act do not apply in respect of a waste disposal site or waste management system, the owner and the operator of the waste disposal site or waste management system shall ensure that all woodwaste that is transported from the waste disposal site or by the waste management system is transported to,

- (a) a woodwaste combustor site that uses the woodwaste principally for functions other than waste disposal; or
 - (b) a waste disposal site or waste management system that, pursuant to subsection (6) or (7), is also exempt from sections 27, 40 and 41 of the Act.
- (9) Sections 27, 40 and 41 of the Act do not apply in respect of a waste disposal site if,
- (a) the only management of waste done at the waste disposal site is the collection, handling, storage, transfer or processing of woodwaste; and
 - (b) the site is operated by the holder of a land use permit issued under the *Public Lands Act* that authorizes the collection, handling, storage transfer or processing of woodwaste at the site.

7. (1) Section 12 of the Regulation is amended by striking out the portion before paragraph 1 and substituting the following:

- 12.** The following are prescribed as standards for the location, maintenance and operation of a thermal treatment site:

.

(2) Paragraph 1 of section 12 of the Regulation is revoked and the following substituted:

- 1. The location of the thermal treatment site shall be selected so as to reduce the effects of nuisances such as dust, noise and traffic.

(3) Paragraph 4 of section 12 of the Regulation is amended by striking out the portion before subparagraph i and substituting the following:

- 4. The thermal treatment equipment shall be located,

.

(4) Subparagraph 4 iii of section 12 of the Regulation is revoked and the following substituted:

- iii. so that the services and utilities required for the operation of the thermal treatment equipment are available, including facilities for the disposal of residue and of quenching and scrubbing water.

(5) Paragraph 5 of section 12 of the Regulation is revoked and the following substituted:

- 5. The design and capacity of the thermal treatment equipment shall be of a type and size adequate to efficiently process the quantities of waste that may be expected, so that a minimum volume of residue is obtained, the putrescible materials remaining as residue are reduced to a minimum and a minimum of air pollution results.

(6) Subparagraph 6 v of section 12 of the Regulation is revoked and the following substituted:

- v. Such instruments as may be necessary for the efficient operation of the thermal treatment equipment.

(7) Paragraphs 7 and 8 of section 12 of the Regulation are revoked and the following substituted:

- 7. The thermal treatment site shall include an unloading area properly enclosed and of sufficient size for the intended operation.
- 8. Access roads shall be provided for vehicles hauling waste to the thermal treatment site.

8. Paragraph 4 of subsection 17.1 (2) of the Regulation is revoked and the following substituted:

- 4. The processing of municipal waste with on-site thermal treatment equipment that, pursuant to subsection 28 (1) of this Regulation, is exempt from the operation of section 27 of the Act.

9. Section 28 of the Regulation is revoked and the following substituted:

ON-SITE THERMAL TREATMENT EQUIPMENT

28. (1) On-site thermal treatment equipment is exempt from the operation of section 27 of the Act unless the equipment is used to subject hazardous waste or liquid industrial waste to thermal treatment.

(2) On-site thermal treatment equipment is exempt from the requirement of being the subject-matter of a hearing under subsection 30 (1) of the Act.

(3) This section does not apply to on-site thermal treatment equipment at a woodwaste combustor site or waste-derived fuel site.

10. Subsection 28.1 (2) of the Regulation is revoked and the following substituted:

- (2) A woodwaste combustor site is exempt from section 27 of the Act if,
 - (a) none of the woodwaste stored at the woodwaste combustor site is stored there for more than 18 months; and
 - (b) no more woodwaste is stored at the woodwaste combustor site than is reasonably capable of being subject to thermal treatment or wholly utilized as a fuel or fuel supplement during a period of six months at the site.

(2.1) Subsection (2) does not apply on any day on which more than 100 tonnes of woodwaste are subject to thermal treatment at the site, if the sole purpose of subjecting the woodwaste to thermal treatment is to dispose of it.

(2.2) Subsection (2) does not apply to a woodwaste combustor site at which woodwaste is subject to thermal treatment, if the principal function of the site is waste disposal.

(2.3) A woodwaste combustor site is exempt from section 27 of the Act if,

- (a) woodwaste is subject to thermal treatment at the woodwaste combustor site and the principal function of the site is waste disposal;
- (b) not more than 100 tonnes of woodwaste is subject to thermal treatment at the woodwaste combustor site on any day;
- (c) not more than 500 cubic metres of woodwaste is stored at the woodwaste combustor site at any time; and
