1. The first sentence of section 2.5 of the Retail Settlement Code is deleted and replaced with the following:

A distributor shall make available to a consumer, or to a competitive retailer designated by a consumer, validated meter usage information according to the standards and schedule delineated in sections 5.2 and 11.1.

2. The introduction to Chapter 11 of the Retail Settlement Code is deleted and replaced with the following:

This chapter describes the rights of consumers and retailers to access current and historical valid meter information (i.e., verified meter usage data) and unverified meter data (i.e., raw meter usage data) and related information. This chapter also describes the obligations of distributors in providing access to such information.

3. Section 11.1 of the Retail Settlement Code is deleted and replaced with the following:

### 11.1 Customer Access to Valid Meter Information

11.1.1 A distributor shall make the following information available to a consumer within the distributor's service area:

- (a) the distributor's meter number for the meter or meters located at the consumer's service address;
- (b) the consumer's service address;
- (c) the distributor's account number;
- (d) the date of the most recent meter reading;
- (e) the date of the previous meter reading;
- (f) multiplied kilowatt-hours recorded at the time of the most recent meter reading;
- (g) multiplied kilowatt-hours recorded at the time of the previous meter reading;
- (h) multiplied kW for the billing period (if demand metered);
- (i) multiplied kVA for the billing period (if available);
- (j) valid usage (kWh/h) for each hour during the billing period for interval-metered consumers;
- (k) an indicator of the read type (e.g., distributor read, consumer read, distributor estimate, etc.); and
- (l) average distribution loss factor for the billing period.

11.1.2 Upon written authorization from a consumer located within the distributor's service area, a distributor shall make the information listed in section 11.1.1 available to a retailer that provides electricity to that consumer. A distributor shall make the information listed in section 11.1.1 available to retailers through the EBT System in accordance with section 5.2.

4. Section 11.2 of the Retail Settlement Code is deleted and replaced with the following:

### 11.2 Customer Access to Unverified Meter Data

11.2.1 A consumer has the right to access his or her meter in order to obtain unverified meter data, or to assign this right to others, in accordance with any relevant technical specifications and codes.

11.2.2 If a consumer desires regular access to his or her meter in order to obtain unverified meter data, a distributor shall provide access under the following conditions:

- (a) a consumer shall pay the reasonable cost of any software, hardware or other services required for a consumer to obtain direct access to unverified meter data (which may include costs for the installation of a secondary meter access system);
- (b) the timing of consumer access to the meter is negotiable with the distributor; however, a distributor has priority when selecting access windows for the purpose of reading the meter;
- (c) if a distributor's access to the meter is hindered or a consumer's access to the meter corrupts unverified meter data, a distributor may suspend a consumer's right to access until any outstanding problems are resolved;
- (d) a consumer shall bear any cost incurred by a distributor to correct problems caused by a consumer's direct access to the meter; and
- (e) if a consumer assigns his or her right to direct meter access to a third party, the consumer shall remain responsible for the action of the assigned party.
