**EM199710**

**MEMORANDUM TO:** All Land Registrars

**FROM:** Doug Aron  
Examiner of Surveys

**RE:** Schedules on MTO Plans

I recently received an inquiry from a land registry office regarding the manner in which the Ministry of Transportation illustrates schedules on their survey plans. It would appear that some schedules used by MTO do not conform to Form 2 of Regulation 43/96.

MTO has agreed to change their procedures to ensure that their schedules conform as closely as possible to Form 2; they have agreed to implement this change within one year. It is recognized, however, that there may be cases in which the Form would have to be slightly modified or added to. Attached are samples of such modifications that would be acceptable for registration or deposit.

In the interim, while MTO is implementing this procedure, I would ask that you use appropriate discretion in checking these plans.

If you have any questions concerning this matter, please contact your Regional Surveyor.
