RE: Land Registration Information Bundle Available on ServiceOntario Website

ServiceOntario is *making it easier* for businesses and individuals by offering a wide range of government services and information in one place. To support this commitment, we are pleased to introduce the ServiceOntario Land Registration Information Bundle.

With this change, the Land Registration Information web pages located on the old Ministry of Government Services website have moved to the ServiceOntario website. Effective February 4th 2008, visitors to the old website will be redirected automatically to the new ServiceOntario Land Registration Bundle website.

This new information bundle has made it possible to bring together all information relating to land registration. In addition to making the land registration information simpler to find and the site easier to use, additional information on Real Estate Fraud, the Land Titles Assurance Fund, and electronic registration will now also be available on the ServiceOntario website.

We are also *making it easier* to find what you are looking for by adding a search function for all bulletins, memos and guides. In addition to listings by year, the search function allows you to look for a specific word or phrase within any of these documents.

Should you have any questions on this new service, please contact Ken Wilkinson at 416-314-2241.

Visit www.ServiceOntario.ca and click on Land Registration under the Gateway to Individuals section or www.ServiceOntario.ca/landregistration for easy access to land registration services and information.
