

Angling is a tradition and a responsibility

You can help ensure the quality of Ontario's fisheries and your angling experience for generations to come.

Respect Each Other

- Share the water with other users – anglers, boaters and swimmers.
- Always ask permission before entering or crossing private property.
- Respect the privacy of on-shore public when fishing.
- Racial discrimination has no place in Ontario.

Minimize Your Impact on the Environment

- 
- Don't litter. Minimize pollution.
 - Help prevent the spread of invasive plants and animals.
 - Dispose of your bait and fish entrails properly.
 - Know the catch and size limits for the water you are fishing.
 - Practise selective harvest. When you have the option, choose to keep smaller fish. The largest fish of a given species are the most important to fish populations.
 - When practising catch and release, handle fish with care and release them as quickly as possible.

Enjoy Our Fisheries Safely and Responsibly

- 
- Wear a floatation device.
 - Always know what the weather conditions will be like the day you go fishing and be prepared for them.
 - When ice fishing, check ice conditions regularly and fish with a partner.
 - Understand and follow Ontario's Fishing and Safe Boating Regulations.

Report resource abuse and violations to the TIPS-MNR line **1-877-847-7667** or call Crime Stoppers anonymously at **1-800-222-TIPS**.
