# **Allowances Offered for Sale**

The auction of allowances from the current and previous budget years is known as the Current Auction. The auction of future vintage allowances is known as the Advance Auction. The Current Auction and Advance Auction will occur simultaneously at the date and time identified in this Auction Notice.

Allowances offered for sale in the May 2018 Joint Auction #15 are issued under the California Cap-and-Trade Program, the Québec Cap-and-Trade System, and the Ontario Cap-and-Trade Program. The number of allowances listed for the Current Auction includes California, Québec, and Ontario allowances and allowances consigned by California electrical distribution utilities and natural gas suppliers (consigning entities) and potentially other parties as described in the California Cap-and-Trade Regulation (California Regulation). In addition, the allowances listed for the Current Auction can include allowances that remain unsold from an undersubscribed Current Auction in prior quarters and are returned to auction after two consecutive Current Auctions have resulted in a settlement price above the Auction Reserve Price.<sup>5</sup> Additional allowances may also be made available arising out of each of the jurisdiction's regulatory provisions, including allowances with earlier vintages than the current calendar year or allowances that have no vintage if they were purchased from a jurisdiction's Reserve sale.<sup>6</sup> The number of allowances that will be available for sale in the Current Auction and Advance Auction are provided in Table 1 below.

<sup>&</sup>lt;sup>5</sup> For specific treatment of unsold allowances in California's program, see the <u>Guidance on</u> <u>Treatment of Unsold Allowances</u> on the California auction webpage.

<sup>&</sup>lt;sup>6</sup> Québec Sales by Mutual Agreement and Ontario Sales are referred to as Reserve sales for simplicity.

As described above, each entity must submit an application, or for CA Entities confirm its intent to bid, in an auction in CITSS. Financial Services Delivery Instructions will be available from CITSS, and all final bid guarantees must be received by the Financial Services Administrator by no later than the date and time listed in the Auction Schedule. The Jurisdictions will approve or deny applicants for an auction within two (2) business days of the scheduled auction date.

Procedures for conducting the auction are described in further detail in the <u>Detailed</u> <u>Auction Requirements and Instructions</u> document with specific examples provided in the <u>Auction Examples</u> document.

## Form and Manner for Submitting Bids

Participants will be able to submit bids manually and upload bid schedules in a predefined Excel template in the Auction Platform during the bidding window. Bid quantities can only be submitted in multiples of 1,000 allowances, i.e. 1 bid lot equals 1,000 allowances. Bids for both the Current Auction and the Advance Auction will be accepted during the same scheduled 3-hour bidding window. The form and manner for submitting bids are described in further detail in the <u>Detailed Auction Requirements and</u> <u>Instructions</u> document with specific examples provided in the <u>Auction Examples</u> document.
