Public Information Dataset 2009 Meta Data

Table: CAR_INFO_2007

CARRIER_NO: Certificate of Approval number and a unique identifier

CAR_NAME: Carrier company name

CAR_DIV: Unique Carrier identifier supplied by the private entity

CAR_OP_DIV: Unique Carrier identifier supplied by the private entity

SITE_BUILDING: (Refers to the base address of the Carrier and not where operations are carried out)

SITE_POBOX: post office box number (Refers to the base address of the Carrier and not where operations are carried out)

SITE_ADDRESS1: Address line one (Refers to the base address of the Carrier and not where operations are carried out)

SITE_ADDRESS2: Address line two (Refers to the base address of the Carrier and not where operations are carried out)

SITE_CITY: City (Refers to the base address of the Carrier and not where operations are carried out)

SITE_PROVINCE_IN: Province or state if within Canada (Refers to the base address of the Carrier and not where operations are carried out)

SITE_PROVINCE_OUT: Province or state if outside of Canada or USA (Refers to the base address of the Carrier and not where operations are carried out)

SITE_POSTAL: Postal or Zip code (Refers to the base address of the Carrier and not where operations are carried out)

SITE_COUNTY_ONT: Carriers County if within Ontario (Refers to the base address of the Carrier and not where operations are carried out)

SITE_COUNTY_OUT: Carriers County if outside of Ontario (Refers to the base address of the Carrier and not where operations are carried out)

SITE_COUNTRY: Country (Refers to the base address of the Carrier and not where operations are carried out)

MAIL_BUILDING: (Refers to the base address of the Carrier and not where operations are carried out)

MAIL_POBOX: post office box number (Refers to the base address of the Carrier and not where operations are carried out)

MAIL_ADDRESS1: Address line one (Refers to the base address of the Carrier and not where operations are carried out)

MAIL_ADDRESS2: Address line two (Refers to the base address of the Carrier and not where operations are carried out)

MAIL_CITY: (Refers to the base address of the Carrier and not where operations are carried out)

MAIL_PROVINCE_IN: Province or state if within Canada (Refers to the base address of the Carrier and not where operations are carried out)

MAIL_PROVINCE_OUT: Province or state if outside of Canada or USA (Refers to the base address of the Carrier and not where operations are carried out)

MAIL_POSTAL: Postal or Zip code (Refers to the base address of the Carrier and not where operations are carried out)

MAIL_COUNTY_ONT: Carriers County if within Ontario (Refers to the base address of the Carrier and not where operations are carried out)

MAIL_COUNTY_OUT: Carriers County if outside of Ontario (Refers to the base address of the Carrier and not where operations are carried out)

MAIL_COUNTRY: Country (Refers to the base address of the Carrier and not where operations are carried out)

CO_OFFICIAL: Company official's name

CO_ADMIN: Company's HWIN Administrator's name

CHOICE_OF_CONTACT: Company's preferred contact

PHONE_NO_OFFICIAL: Company official's phone number

PHONE_NO_ADMIN: Company HWIN Administrator's phone number

DISTRICT: Ministry of the Environment (MOE) District code for company's base of operations. Refer to DISTRICT_09 table (Refers to the base address of the Carrier and not where operations are carried out)

Table: CAR_WASTE_2007

CARRIER_NO: Certificate of Approval number and a unique identifier

WASTE_CODE: Waste code(s) the Carrier is approved to transport. Refer to WASTE_CODE_09 table

Table: COUNTY_2007

COUNTY_CODE: County code

COUNTY_NAME: Name of County

DISTRICT_CODE: County's District code. Refers to which MOE District the County lies in. Refer to DISTRICT_09 table

REGION_CODE: County's Region code. Refers to which MOE Region the County lies in. Refer to REGION_TABLE table

Table: DISTRICT_2007

DIST_CODE: MOE District code

DIST_NAME: Name of District

REGION_CODE: District's Region code. Refers to which MOE Region the District lies in. Refer to REGION_TABLE table

Table: GEN_INFO_2007

GENERATOR_NO: Generator's Ontario generator registration number or if out of Ontario, generator's unique identifier from home jurisdiction

GEN_NAME: Generator's legal company name

GEN_DIV: Generator's legal division name
GEN_OP_NAME: Generator's operating company name
GEN_OP_DIV: Generator's operating division name
SITE_BLDG: Generating site building name
SITE_POBOX: Generating site post office box number
SITE_ADRS1: Generating site address line one
SITE_ADRS2: Generating site address line two
SITE_CITY: Generating site city
PROVINCE_IN: Site province or state if within Canada
PROVINCE_OUT: Site province or state if outside of Canada or USA
SITE_COUNTRY: Site country
CO_OFFICIAL: Company official's name
CO_ADMIN: Company's HWIN Administrator's name
CHOICE_OF_CONTACT: Company's preferred contact
PHONE_NO_OFFICIAL: Company official's phone number
PHONE_NO_ADMIN: Company HWIN Administrator's phone number
COUNTY_ONT: Generating site's county if within Ontario
COUNTY_OUT: Generating site's county if outside of Ontario
MHSW_FACILITY: Generating site is a Municipal Household Special Waste depot, yes or no
CONTAMINATED_FACILITY: Waste generated from the site is a result of activities undertaken to remediate a contaminated facility, yes or no
NAICS_CODE1: Generator's primary North American Industry Classification identifier
NAICS_CODE2: Generator's secondary North American Industry Classification identifier
NAICS_CODE3: Generator's tertiary North American Industry Classification identifier
DISTRICT: Ministry of the Environment (MOE) District code for company's base of operations. Refer to DISTRICT_09 table (Refers to the base address of the Carrier and not where operations are carried out)

Table: GEN_WASTE_2007

GENERATOR_NO: Generator's Ontario generator registration number or if out of Ontario, generator's unique identifier from home jurisdiction
WASTE_CODE: Waste code(s) the Generator has registered with the MOE as generated or generating. Refer to WASTE_CODE_09 table
WASTE_CHARAC: Waste characteristic(s) the Generator has used to describe/define the waste codes that are registered. Refer to WASTE_CHAR_09
PHYSICAL_STATE: Physical state of the registered waste code (solid, liquid, gas)

Table: MAN_CAR_2007

CARRIER_NUMBER: Certificate of Approval number and a unique identifier
WASTE_CODE: Waste code(s) the Carrier is approved to transport. Refer to WASTE_CODE_09 table
WASTE_COUNT: Number of times the waste code appears on a line on a manifest where the Carrier was referred to in Part B

QTY_RECEIVED: Total quantity of waste with the same waste code where the Carrier was referred to in Part B received by a Receiver in kilograms.

Table: MAN_GEN_2007

GENERATOR_NUMBER: Generator's Ontario generator registration number or if out of Ontario, generator's unique identifier from home jurisdiction

RECEIVER_DISTRICT: Ministry of the Environment (MOE) District code for the waste receiver. Refer to DISTRICT_09 table (Refers to the base address of the Carrier and not where operations are carried out)

RECEIVER_TYPE: Type of receiver that received the waste. Refer to REC_TYPE_09 table

WASTE_CODE: Waste code(s) the Carrier is approved to transport. Refer to WASTE_CODE_09 table

WASTE_CHAR: Waste characteristic(s) the Generator has used to describe/define the waste codes that are shipped. Refer to WASTE_CHAR_09

WASTE_COUNT: Number of times the waste code, with that waste characteristic, going to a receiver in that district, of that type appears on a line on a manifest where the Generator was referred to in Part A of the manifest

QTY_RECEIVED: Total quantity of waste with the same waste code where the Generator was referred to in Part A of the manifest received by a Receiver in kilograms.

Table: MAN_REC_2007

RECEIVER_NUMBER: Certificate of Approval number and a unique identifier

GENERATOR_DISTRICT: Ministry of the Environment (MOE) District code for the waste generator. Refer to DISTRICT_09 table (Refers to the base address of the Carrier and not where operations are carried out)

GENERATOR_NAICS_CODE1: Primary North American Industry Classification (NAICS) code supplied by the generator

WASTE_CODE: Waste code(s) the Receiver is approved to transport. Refer to WASTE_CODE_09 table

WASTE_CHAR: Waste characteristic(s) the Generator has used to describe/define the waste codes that are shipped. Refer to WASTE_CHAR_09

WASTE_COUNT: Number of times the waste code, with that waste characteristic, coming from a generator with that specified NAICS in that specified district on a line on a manifest where the Receiver was referred to in Part C of the manifest

QTY_RECEIVED: Total quantity of waste with the same waste code/waste characteristic where the Generator was from the same district and had the same NAICS code, received by a Receiver referred to in section C of a manifest in kilograms.

Table: REC_INFO_2007

RECEIVER_NO: Receiver's Ontario generator registration number or if out of Ontario, generator's unique identifier from home jurisdiction

REC_NAME: Receiver's legal company name

REC_DIV: Receiver's legal division name

REC_OP_NAME: Receiver's operating company name

REC_OP_DIV: Receiver's operating division name

SITE_BLDG: Receiving site building name

SITE_POBOX: Receiving site post office box number

SITE_ADRS1: Receiving site address line one

SITE_ADRS2: Receiving site address line two

SITE_CITY: Receiving site city

PROVINCE_IN: Site province or state if within Canada

PROVINCE_OUT: Site province or state if outside of Canada or USA

SITE_COUNTRY: Site country

POSTCODE: Site postal code

CO_OFFICIAL: Company official's name

CO_ADMIN: Company's HWIN Administrator's name

CHOICE_OF_CONTACT: Company's preferred contact

PHONE_NO_OFFICIAL: Company official's phone number

PHONE_NO_ADMIN: Company HWIN Administrator's phone number

COUNTY_ONT: Receiving site's county if within Ontario

COUNTY_OUT: Receiving site's county if outside of Ontario

DISTRICT: Ministry of the Environment (MOE) District code for company's base of operations. Refer to DISTRICT_09 table (Refers to the base address of the Carrier and not where operations are carried out)

RECEIVER_TYPE: Type of receiver. Refer to REC_TYPE_09 table

Table: REC_TYPE_2007

REC_TYPE: Receiver type code

DESCRIPTION: Receiver type description

Table: REC_WASTE_2007

RECEIVER_NO: Certificate of Approval number and a unique identifier

WASTE_CODE: Waste code(s) the receiver is approved to receive. Refer to WASTE_CODE_09 table

Table: REGION_TABLE

REGIONCODE: District's Region code. Refers to which MOE Region the District lies in

REGIONNAME: Name of Region

Table: WASTE_CHAR_2007

WASTE_CHAR: Waste characteristic Identifier
DESCRIPTION: Description of waste characteristic

Table: WASTE_CODE_2007

WASTE_CODE: Waste code number
DESCRIPTION: Description of waste code
