| Title | Tables of Drinking Water Threats and Circumstances |
| Abstract | <p>Tables of Drinking Water Threats and Circumstances (TDWT)</p> <p>Les tableaux sont publiés en anglais seulement</p> <p>The TDWT lists and documents activities that could pose a risk to municipal drinking water sources under Part X and Part X1 of the Directors Technical Rules under the Clean Water Act 2006.</p> <p>The tables are broken out into Water Quality and Water Quantity TDWTs. The Tables allow a user to determine which Prescribed Threats under O.Reg 287 (as amended from time to time) pose a risk to the municipal drinking water source based on the vulnerable area description of the location.</p> <p>Prescribed drinking water threats. O.Reg 287/07</p> <p>1.1 (1) The following activities are prescribed as drinking water threats for the purpose of the definition of “drinking water threat” in subsection 2 (1) of the Act:</p> <ol style="list-style-type: none"> 1. The establishment, operation or maintenance of a waste disposal site within the meaning of Part V of the Environmental Protection Act. 2. The establishment, operation or maintenance of a system that collects, stores, transmits, treats or disposes of sewage. 3. The application of agricultural source material to land. 4. The storage of agricultural source material. 5. The management of agricultural source material. 6. The application of non-agricultural source material to land. 7. The handling and storage of non-agricultural source material. 8. The application of commercial fertilizer to land. 9. The handling and storage of commercial fertilizer. 10. The application of pesticide to land. 11. The handling and storage of pesticide. 12. The application of road salt. 13. The handling and storage of road salt. 14. The storage of snow. 15. The handling and storage of fuel. 16. The handling and storage of a dense non-aqueous phase liquid. 17. The handling and storage of an organic solvent. 18. The management of runoff that contains chemicals used in the de-icing of aircraft. 19. An activity that takes water from an aquifer or a surface water body without returning the water taken to the same aquifer or surface water body. 20. An activity that reduces the recharge of an aquifer. 21. The use of land as livestock grazing or pasturing land, an outdoor confinement area or a farm-animal yard. O. Reg. 385/08, s. 3. 22. The establishment and operation of a liquid hydrocarbon pipeline <p>Les tableaux sont publiés en anglais seulement</p> |
