Title	Toxics Reduction Act – Living List Status of Nominations Loi de 2009 sur la réduction des toxiques – État des inscriptions à la liste évolutive
Abstract	<p>s. 49(1) of the Toxics Reduction Act requires the Minister to, at least once every five years, consult with experts and the public about possible changes to the list of substances that are prescribed as toxic substances.</p> <p>The Living List Framework describes the Ministry's approach to reviewing and updating the list of toxic substances prescribed under the Toxics Reduction Act. Anyone may nominate a change to this list.</p> <p>This is the current Status of Nominations for all substances nominated to be added, deleted or removed from the list of Prescribed Toxic Substances.</p>
Status	Completed
