RE: COVID-19 – Temporary Validity Extension for Expired Ontario

Driver, Vehicle and Carrier Products and Services

The following information is valid until June 1, 2020.

As part of the Ministry of Transportation's efforts to stop the spread of COVID-19 and to help keep people safe, the ministry has extended the validity of the following driver, vehicle and carrier products, that expired on or after March 1, 2020:

- Ontario commercial drivers' licences;
- International Registration Plan (IRP) Cab Cards;
- Ontario licence plate validation stickers;
- Online purchase receipts of validation stickers;
- Ontario Commercial Vehicle Operator Registration (CVOR) certificates;
- Annual and semi-annual inspections.

The United States Federal Motor Carrier Safety Administration (FMCSA) has granted recognition of expired commercial licences issued by Canadian provinces, including extension of the validity date of medical examinations, certification and/or validity of the corresponding commercial driver's licences.

For any questions regarding the extension of these products, please call 416-235-4376. The complete list of Ontario driver, vehicle and carrier products impacted by this extension can be found here: https://www.ontario.ca/page/extended-validation-periods

Thank you for your assistance.

Regards,

Nosa Ero-Brown Assistant Deputy Minister (A) Road User Safety Division

Ontario's Ministry of Transportation recommends having access to this memo, either electronically or carrying a hard copy with your government issued document(s), at all times when travelling outside provincial jurisdictions as proof of validity extension. Should the need for extended product validity continue beyond June 1, 2020, a new memo will be issued.
